17.4: Education for the SDGs

17.4.3: Does your university as a body have dedicated outreach educational activities for the wider community, which could include alumni, local residents, displaced people?

Yes.

Public Resources (lifelong learning)
Tashkent University Of Information Technologies Named After Muhammad Al-Khwarizmi (TUIT) has several free annual courses offered to the public community during the academic year where it opens its doors to the public: Public Lectures and community educational events. These courses are provided at the campus with the facilities required for the courses such as PCs

Course 1: Be Professional with Microsoft Office (Excel, Word, PowerPoint) 20-22 November 2021

"The aim of the **"Professional with Microsoft Office"** course is to empower participants with advanced skills in leveraging Microsoft Office tools for enhanced workplace efficiency. This comprehensive training will focus on mastering advanced features of Word, Excel, and PowerPoint, enabling participants to create sophisticated documents, analyze complex data, and deliver impactful presentations.

By the end of the course, participants will possess the expertise needed to streamline professional tasks, optimize workflow, and excel in their professional endeavors." The course which is provided by Tashkent University of Information Technologies Named After Muhammad Al-Khwarizmi, is free and the participants will have certificates at the end of the course.

Course 2: Learn the basics of Aspen HYSYS software 12-14 December 2021

Free access to digital libraries of TUIT

TUIT is offering free access to all its digital libraries for those that are not students at the university. These libraries are containing wide range of e-books, articles and reports for multidisciplinary topics. These resources can be accessed through the following links:

Learning Development Center at TUIT

TUIT has its learning development center (LDC) which provides free training and courses annually to our alumni and other community members beyond the university. The free courses and other event organized by LDC can be seen in the below link:

Educational events to spread the knowledge about SDGs:

• The first international forum for university students to promote the sustainable development goals

• The first scientific forum of water sustainability and climate change
